

Revised the guidelines for student internship programs at IIRR (M.Sc/Ph D/others)

- In case of students, irrespective of PhD/MSc/Trainee, whether short term or long term, a request letter from the concerned university/institute should always be sent to the Director, IIRR, instead of the individual scientists. **No individual requests should be entertained by the scientists from any agency/Institute.** The Academic committee/IIRR-PMEC will process all the applications and get the final approval from the Director, IIRR before admission.
- It is mandatory for the concerned scientists to get prior and proper approval of the Director, IIRR (in the prescribed proforma) through the head of the section before accepting any students for their thesis/dissertation work.
- The student who is admitted to undertake MSc/PhD research work should submit a copy of 'Outline of Research Work' (ORW) before starting the work in the department concerned.
- Students pursuing Ph.D. degree need to give a seminar on their research work prior to submission of their thesis.
- Applications for Research Fellowships/ SERB/ INSPIRE Etc. should be submitted through the Head of the section to the Academic committee/ PMEC for approval of the Director.
- **Approval of DARE-ICAR/ Council is necessary for mentoring Foreign Students irrespective of their sponsorship and funding. Their applications should be submitted 3 months in advance for obtaining approval from DARE-ICAR.**
- As per the ICAR guidelines the IP rights of the admitted students rest with IIRR and so the students will have to submit their lab/field data books/workbooks having raw data/methods/ procedures to their respective supervisors. As per the guidelines, due credit should be given to the concerned students in publications/reports etc. Any dispute arising out of the students research work will be resolved as per the ICAR Guidelines.
- Students should submit a copy of final thesis (soft and hard copy) to the IIRR, Library through the supervisor with intimation to PMEC/Academic committee after finishing final viva.
- A temporary Identity Card signed by the competent authority shall be issued to students admitted to do their research work at IIRR Laboratories.
- As per the ICAR guidelines, the students interested in pursuing their graduate/post graduate/others research work leading to dissertation/thesis/training/internship outside the NARS should pay the prescribed fees to IIRR after approval their application by the Director, IIRR as mentioned below:
 - a) M. Sc /M.Tech Dissertation work : Rs. 30,000/-
 - b) Ph. D thesis work : Rs. 30,000/- per semester
 - c) BTech/M.Tech/MBA/MCA work : Rs. 20,000/-
 - d) Other Internship/ Trainings : Rs. 10,000/- upto 3 months
